

PROJECT MANAGEMENT PROFESSIONAL (PMP)® EXAM PREP PMBOK® 6TH EDITION

Course Description

Prepare to pass the PMP® or Certified Associate Project Manager (CAPM)® exam with this comprehensive course. In this course, you'll gain the essential preparation needed to pass the PMP® and CAPM® exams. Concentrating on exam content from A Guide to the Project Management Body of Knowledge, (PMBOK® Guide) - Sixth Edition and other sources, this course includes a wide variety of learning tools and study aids, all using Project Management Institute (PMI)® terminology. This course provides the foundation and structure to learn the fundamentals of project management and prepare for the Project Management Professional Certification (PMP®) or Certified Associate in Project Management (CAPM®) and is based on The Guide to the Project Management Body of Knowledge, (PMBOK™) Sixth Edition. The Babbage Simmel PMP® Certification course contains content and emphasis compliant with current examination criteria. This is a highly participative course with, real-world concepts and applications, hands-on exercises and case studies that introduce participants to update life-cycle impacts. Students are encouraged to participate in class and group discussions toward reinforcing knowledge and understanding and application. The Babbage Simmel PMP® course guides the participant toward mastery of Project Management skills and not merely an exam prep course. Course content and delivery are consistent with the 35 hours required for PMP® exam application. Join us for a recognized, world class, Project Management education! Our PMP® Certification Course is compliant with the March 26, 2018 PMP® Exam criteria.

COURSE TITLE

ID: BAB-525

Length: 5 days

Price: \$2,995.00

Course Audience

The PMP® recognizes demonstrated competence in leading and directing project teams. If you're a project manager looking to solidify your skills, stand out to employers and maximize your earning potential, the PMP® credential is the right choice for you. **Prerequisites** It is recommended that students have some project management experience either as a team participant, project manager, business analyst or project stakeholder. **Certification eligibility: PMP®**

- Category I Candidate: University Degree, 4,500 hours of PM experience, 3 years documented experience within 8 years.
- Category II Candidate: No university degree required, 7,500 documented hours of PM experience during 8 years.

Certification eligibility: CAPM®

- High school diploma or equivalent. 1,500 hours of work on a project team or 23 hours of formal education.

What You Will Learn You will learn the skills necessary to lead project teams and achieve successful project results. The PMP® Credential recognizes the competence of an individual to perform in the role of a project manager, specifically experienced in leading and directing projects.
